COST SAVINGS FOR SMALL TO MEDIUM BUSINESSES

Businesses are paying too much for telephone service without even it doesn't need to be that way. Times are tough and job responsibilities keep growing causing confusion in the workplace.

This may be due to decreased staff, confusion over options, or companies moving forward with services without the provider understanding how they conduct business.

Orion Communications, Inc., a locally owned & operated business, is offering a Resource Recovery Analysis (RRA) that has generated an average monthly savings of 22% for their client's telephone services. In addition, Orion had identified & generated one time billing refunds in 15% of these projects.

These telephone services savings were calculated over the past 11 months using a sample of 36 diverse companies that had seen a monthly savings of anywhere from 9 to 60%.

Orion has partnered with multiple small to medium sized businesses in Southeast & Northeast Wisconsin in diverse industries for close to 15 years.

For further information, please contact Orion at (414) 359-2500
